- A dash in place of a figure indicates absolute zero.

0 A zero in the place of another figure means a figure that is less than half the figure unit used.

Market shares are rounded to whole % values.

The market share tables are sorted in descending order in the most recent year.

The tables contain providers that have a market share value of 1% or higher in at least one year in the 4 years.

Providers with a name change are always shown under the name of the most recent year.
