Thank you, Mister President.

In a constructive spirit, Liechtenstein recommends that the Democratic People's Republic of Korea

1. Ratify the Rome Statute of the International Criminal Court.
2. Declare an immediate moratorium on the use of the death penalty followed by its abolition.
3. Immediately cease the use of torture and other cruel, inhumane and degrading treatment in places of detention.
4. Release all political prisoners, disband all political prison camps and immediately cease the arbitrary arrest and imprisonment of persons on the grounds of their political or other opinion, and take steps to improve conditions in detention facilities.

5. Ensure the right to privacy, according to which any surveillance must comply with the human rights standards of legality, necessity, proportionality and legitimacy.

We thank you.
